

Undercoverism

2021-22 Autumn-Winter Collection

Neoboy

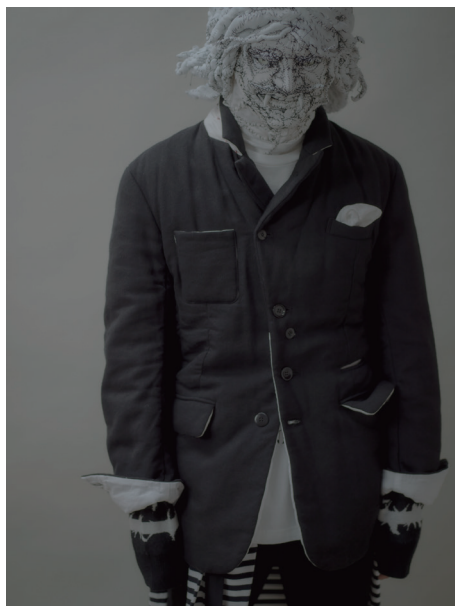

UNDERCOVER launches its new men's line "Undercoverism".

This collection is for men of next generation who resonate and empathize with UNDERCOVER's "ism".

For 2021-22 AW collection, elements which formulate clothes are distorted in unbalanced, irregular and asymmetric way.

Designs express the sense of neutral found between perfection and imperfection... and freedom.

The first collection of UNDERCOVERISM will be available from Saturday, June 19 at UNDERCOVER stores, MADSTORE UNDERCOVER stores and official online store.
